

THE HEART OF CHRISTMAS

Friends and family gather 'round,
sleighbells ringing our fav'rite sound,
sang and danced for all it's worth,
but this is time for peace on earth.

Presents wrapped, the stocking's hung,
Christmas time has just begun.
But nothing's right until we see
peace and joy around the Christmas tree.

Sing a song of happiness,
sing a song of cheer.
Ring the bells for peace and joy,
ring them loud and clear.

Christmas love to ev'ryone,
plenty love to share.
Spread the joy and happiness
to people ev'rywhere.
This is the heart of Christmas.

Miracles and majesty,
special time with family,
shining stars and hearts aglow,
soft meadows white with winter snow.

Candles burning all about,
people give to those without,
a silent night sent from above.
Bless this time so full of Christmas love.

Sing a song of happiness,
sing a song of cheer.
Ring the bells for peace and joy,
ring them loud and clear.

Christmas love to ev'ryone,
plenty love to share.
Spread the joy and happiness
to people ev'rywhere.

This is the heart, the beautiful heart,
this is the heart of Christmas.
